

LAND SERVICES

Nitrogen Services

BENEFITS

- Over pressure shutdown
- Pressure Safety Valve Certification set to clients' specified pressures
- Small Footprint with Bobtail
- Driver / Operators
- On-board LED Work Lights
- Rigid Frame capable of being pulled on / off location

NITROGEN APPLICATIONS

N2 Solutions has a variety of land fleet vehicles to meet your projects' needs. Our 180K, 740K, & 840K Bobtail pump trucks are capable of routinely providing safe and inert pressure services while minimizing the equipment footprint to your site. As a value-added feature nitrogen displaces oxygen, which minimizes oxidation, and arrests unintended combustion and other chemical reactions.

LOCATIONS

113 Liberty Ave., Lafayette, LA 70508 (Corporate)
1080 Forum Dr., Broussard, LA 70518
20214 SH 35, Sweeny, TX 77480
